

SIX OF THE BEST!

Roy Gault

For some, six-of-the-best might conjure up a vision of Mr Quelch delivering swift justice to Billy Bunter's derriere – Yaroooh! But corporal punishment aside, I've borrowed the title to illustrate a handful of the more interesting dies sent in to me for inspection in recent months. Most are new dies, some are unusual, and one or two could be described as spectacular!

As ever, I would be pleased to hear from anyone who can shed any light on who the 1st H.R.V Corps were, knows where H. Friedeberg was in London c1891, or perhaps can provide an identity for the W&Co. user with a French connection in Han... St, London W.
